Injection Moulding

The Company is expert at producing high quality plastic mouldings. We are an approved moulder of many international companies and hold ISO9001: 2008 accreditation. Our **injection moulding** plant is capable of using any thermoplastic material and where possible, we provide fully automatic Tooling to facilitate good quality and low cost.

We are also well known for difficult **plastic injection moulding** projects requiring special techniques including:

- Insert moulding
- Post moulding
- Forming
- Machining

Our customers range throughout the Industry and are grouped accordingly.

They include:

- | | | |
|----------------------|---------------|--------------------|
| ○ Health and Safety | ○ Automotive | ○ Communications |
| ○ Domestic | ○ Cosmetics | ○ Lighting |
| ○ Water Purification | ○ Audio | ○ Point-of-Sale |
| ○ Food and Drink | ○ Electronics | ○ Special Projects |
| ○ Medical | ○ Leisure | ○ M.O.D. |

You can either call, click, or visit us to find out more information.
